Dedication

To you, the students of Filer High School, we give the challenges of the future.

Will you be one of those chosen to conquer space, find the cure for cancer or will you be the one to find a means of creating an everlasting world peace?

The future is yours; just open the door-!

So to the future, we the Yearbook Staff of 1962, dedicate this book.

Class Prophecy

As I was cruising over the city in my space ship the other day my mind slipped back two decades to my years in Filer High. Thinking of the big plans of my classmates I decided to find out if their dreams had come true. I rushed home and called my good friend, Private Detective, "Deadeye" Dick Owen. Before long reports of my former friends were in my hand and I was reading - - -

Duane Hardesty has just discovered a new vaccine called "Hardavax," for people with soft fingernails. His first testers are: a private secretary, Lois Mueller, and two housewives, Diana Shepherd and Jean Matthiesen. May their souls rest in peace when they're through testing.

Ron Hepworth and Bob Triplett, who used to drag their cars, own and manufacture "Snords," the fastest car on the road and in the air. Head manager of the plant, Bill Loughmiller, spends most of his time in the janitors closet shooting craps with Kenny Britton, the firm's famous janitor.

Donna Farmer runs a charm school "For girls with an eye for the future." Her instructors are Sue Klass and Delores Bolish. Just around the corner is an astronomy Business college, established by Pam Chandler and directed by Pat Dierker. Their prize pupils are Mary Martin and Judy Garey. Larry Walden operates the girls' dorm, assisted by Eddie Jagels and Gilbert Kellogg.

Shirley Moore and Nora Matthews, co-owners of "Spacetronaunts," spend their spare time flying cross country to see their old friend, top X-ray technician, Judy Thurman.

Merlin Fullmer runs an ultra modern swimming pool, chief lifeguard is Mike Krepcik. Kent Henderson, diving "champ" gives daily exhibitions, while star reporters Gracie Hoag and Lois Edwards are snapping pictures for the "Dying Star," a not so famous newspaper, edited by Spencer Couch.

Appreciation

The end is here. The final hours of work are over and we have enjoyed it.

As editor of the Wildcat--in space, I would like to thank the editors and especially our advisor, Mr. Kious. Without his time, effort, and know-how this book would not have been possible. Thanks should also go to Mr. Pettygrove for his fine photographic work and patience. We would like to thank Leedom's who did some of our photo printing.

Here it is, students of Filer High School. We hope you enjoy it as much as we have enjoyed bringing it to you.

Sincerely,

DUANE HARDESTY
Editor
